Ementa

O curso irá explorar a relação entre globalização, autenticidade e patrimonialização – material, artefatos, processos e formas culturais intangíveis – muitas vezes associadas a grupos ou populações que têm estado até agora, em uma posição de invisibilidade e/ou subalternidade. Desse modo tem como objetivo problematizar a criação de novos museus e arquivos ou a reforma das antigas estruturas e lugares de memória, seus projetos e movimentos visando a preservação da diversidade cultural.
